

## CHALK VALLEY

Name

Give a figure for the **Relative Relief**

Describe the **slopes** (angle, shape)

Give evidence that chalk is **permeable**

Describe the nature of the valley sides (are they regular? Any other features..)

What explanation is there for these shapes?

Describe the **plan view** of the valley (straight, curved, sinuous, zig-zag..)

Does this support your suggestion for the valley sides? Explain.
